

.....
BIO: DANA HOLMES-JENKINS, MMI, Project+ Professional
.....

Dana Holmes-Jenkins is the President of D & K Systems Consulting. The technology firm specializes in helping businesses increase productivity by leveraging software. Dana has a degree in Business Management and twenty years of corporate experience, which she draws on to match the right technology with desired business goals.

Before starting D & K, Dana worked in the financial services industry and began her training career with ExecuTrain, a worldwide leader in IT training. Currently, this versatile instructor delivers courses and consultations in effective database design, cloud storage, project management and software techniques to automate tasks.

Dana is a Microsoft Office Specialist, Microsoft Certified Master Instructor, and CompTIA Project+ Certified Professional. A graduate of Hampton University, she enjoys ballroom dancing, strategic board games and being a Toastmaster.

She and her husband Kevin of 31 years reside in Tampa, Florida.
